Confirmation of Minutes of the 17th Meeting

1. While proposing confirmation of the minutes of 17th meeting of the Authority, the CEO apprised the House that Sh. Vasudev Thakkar had sent an email dated 25.06.2015 stating that "this is to inform you that some points mentioned in the minutes of the 17th Authority meeting are not as per actual discussion and some important points are not covered in minutes, so please check audio recording which was done at the said meeting by you, and send corrected minutes." He further explained that the office had responded to the said email vide letter dated 6th July 2015, informing Sh. Thakkar that "your kind attention is invited to para 17.10.7 of the Draft Minutes. However, you are requested to specifically furnish the points (i) which have not been recorded in the Minutes of the 17th Meeting of the Authority as per discussions, and (ii) the important points that are not covered in the Minutes, in writing to this office so that the same are placed before the Authority in its next meeting while taking up the confirmation of the Minutes". He informed that no communication had been received in writing from the member concerned in this behalf.

2. Sh. Vasudev Thakkar stated he had raised a number of issues which had not been recorded/correctly recorded in the minutes. After hearing Sh. Thakkar, the Chairman requested him to submit in writing within a week's time whatever he thought should have been included in the minutes and that a view on his submissions would be taken after consultations with the former Chairman.

Agenda Item No. 18.III
Action Taken Report on the decisions taken in the 17th Meeting

1. The Action Taken Report (ATR) was noted by the members, Ms. Shreya Pandey, observed that while one agenda on the ATR in respect of the decisions taken by the Authority in its earlier meeting was being put up as an agenda and may continue as a standing agenda item, another standing agenda item may also be included in future in respect of the ATR on decisions which had been taken by the Authority in its meetings since inception. She further suggested that such ATR should also be placed on the website. Sh. K.L. Sharma suggested that instead of including the ATR on all the decisions taken in earlier meetings, there was no need to submit the ATR on items on which action had already been taken and closed. He suggested that only such items be included in the proposed agenda on which final action was pending.

2. Sh. Vausdev Thakkar stated that he had observations in respect of the ATR in respect of Agenda Item No. 17.4, 17.7 and 17.10.7. The CEO explained the position in detail in respect of each of the said items. After detailed discussions, the Chairman observed that the ATR as reported by the office was the factual position and any discussions on the merits of the issues on which ATR was framed lay outside the scope of this agenda item.

3. After discussions, it was decided that:

   (i) The ATR as placed before the Authority be deemed to have been noted;

   (ii) Another Standing agenda item be included in future containing all such decisions on which final action was still pending; and

   (iii) Major decisions of the Authority need to be placed on the website and communicated to various stakeholders, but necessarily in the form of ATRs, which sometimes reflect the work of other organisations.

1. A copy of the CEO’s report was circulated among the members. The Chief Executive Officer read out his report highlighting the activities undertaken in the Authority after the last meeting.

It was explained that the recommendations of the Task Force were only a valuable input for the Scientific Panel and for a final decision by the Authority. It was observed that while the Task Force had undertaken an exhaustive exercise, the report lacked clarity on a number of issues. The CEO pointed out that certain expressions e.g. ‘Micro variations’, and ‘Small changes’ needed to be precisely defined as these could be interpreted differently by different stake-holders. He invited attention to the provisions contained in the definition of “Food” and the explanations below Section 22, according to the which the Authority was bound to follow the limits of RDA for Indians in respect of minerals, vitamins or proteins or metals etc. [Section 22-Explanation (1) (a) (ii), and the provisions contained under sub-clause(ii) of Clause (b) of para (1) in terms of the items covered under Drugs and Cosmetics Act.
